

The college creates a platform for the active participation of the students in the various academic and administrative bodies including extra-curricular activities. This empowers the students in gaining leadership qualities, rules regulations and execution Skills. The college does ensure adequate representation of students in various committees whereby they contribute in different capacities as members. These members bring forward the views and suggestions of entire class. The participatory mechanism facilitates the students' representation in various committees such as Voter Awareness, IQAC, NSS, Career counseling, Prevention of sexual Harassment, Anti – ragging etc. Through these committees the students not only help in organization for academic development but also improve their different skills and enhance the academic scale of the institution. The student's council of the institution helps students to share their ideas, interests and concerns with the teacher and Head of the institution. This year there is no student's council formed. Election for the formation of Student's council is not taken from the college due to lack of academic time. Generally, the student's council helps in maintaining discipline in the college campus by encouraging students to observe the code of conduct of the college and environmental consciousness.
